

28.It's Christmas Rap

By Deanna Hunter

What's that asked the man

To his friends one night

It's so bright said his friend

With his hands in the air

What's going on up there

said the third man there

Sing:

It's Christmas

And the Angels are singing

It's Christmas

Rap

Bounce BB Bounce around

Coz I found

The brightest star in town!

Sing:

So, with all your love you have within

Come sing with me this rhyme

I want all the children in the world

To know its Christmas time

From the East there lived a family

Who were about to have a baby?

They travelled round and round, through

The town and found

All there was, was a barn in a stable

Rap

Bounce BB Bounce around

Coz I found a new baby boy

Is born in town

Then his daddy thanked the stranger

For keeping him warm in a manger
